## Strawberry Lime

### INGREDIENTS

1 kg strawberries

100 ml water

200 g sugar

1 vanilla pod

2 limes

200 ml vodka

### INSTRUCTIONS

Put water and sugar in a pot. Scrape out the vanilla pod, put the pulp and the scraped out pod into the pot and bring everything to the boil while stirring. Let the syrup simmer for 2-3 minutes and then let it cool down. Clean and halve the strawberries, put them in a high container and puree them. Squeeze the limes and add the juice to the pureed strawberries, add the sugar syrup and vodka to the pureed strawberries and mix everything finely. Then bottle the strawberry limes and chill.
